

Algebra 2 Lab is a support class for students enrolled in Algebra 2. In this class students will be engaged in a variety of lessons designed to support their Algebra 2 class. Students will participate in group activities such as pre-teaching, re-teaching, or practicing of skills to increase their comprehension of Algebra 2.

Materials Needed in Class Every Day

- Whiteboard Markers
- Scientific Calculator (TI-30XIIS recommended)
- Pocket Style Folder
- Colored Pen
- Pencil and Eraser
- Highlighter

Elective Credit for Algebra 2 Lab is determined by the following expectations:

- **Actively Participating** in class activities and discussions
- **Collaborating** with classmates (provide help, ask questions)
- **Future Ready Skills** such as following the phone policy and being on time
- **Respecting** the teacher, classmates, and the classroom

The **Algebra 2 Lab grade** will be determined by the percentage scale shown. Remember, your **Algebra 2 Lab grade** may be different than your **Algebra 2 Math grade**, as it is based only on the expectations above.

A	88-100%
B	76-87.9%
C	64-75.9%
D	52-63.9%
F	0-51.9%

Attendance is required for students to receive teacher explanations, to participate in class activities and to complete practical skill building exercises. As a result, a student's grade may be affected by absences and/or failing to participate. Excused absences can be made up in a timely manner by coming in for additional practice during Power Hour.

Extra Help is available during Power Hour B (M-Th) and After School (M-Th) until 2:40.

Homework:

- **Complete the Syllabus Form in Google Classroom.**
All answers are in this syllabus. Score earned once 100%. Retake as needed.
